## History

Tools for Success was founded in December of 2014 by, former educator and administrator, Cathy Tooley. Since then, we continue to grow our team and partner schools. Through our tenured team of passionate education consultants, we positively impact our education system by empowering teachers, engaging administrators, and equipping leaders through our professional development, training, workshops, motivational speaking, and consulting services.

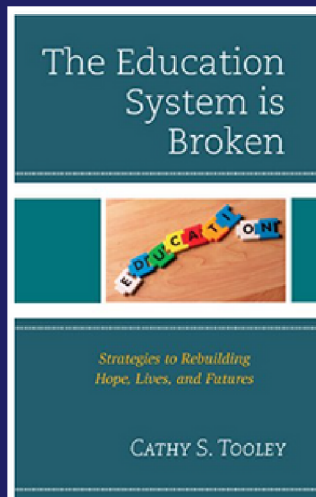

## Mission

Our mission is to redefine the K-12 education landscape, Through a student-centered approach, we are committed to ensure every classroom aligns with the evolving standards of education, fostering an environment where every student thrives.

## Vision

We envision a world where every classroom is a hub of innovation, critical thinking, and unwavering commitment to **every** student's success.

Our CEO has written a book on the education system titled, "The Education System Is Broken: Strategies to Rebuilding Hope, Lives & Futures" by Cathy Tooley. It is available for purchase on Amazon.

## Tools for Success
