# Data Analysis Part 1

From *Getting Excited about Data,* Edie Holcomb

What questions are we trying to answer?	
What does the data seem to tell us?	
What the are limits to the date; what else might we want to know?	
What good news is here for us to celebrate?	
What opportunities for improvement are suggested by the data?	

Data Analysis Part 2

What questions are we trying to answer?	
What does the data seem to tell us?	
What the are limits to the date; what else might we want to know?	
What good news is here for us to celebrate?	
What opportunities for improvement are suggested by the data?
